TRENTON.

From the Trenton Herald.

We are informed that a bank will be established in Trenton, this fall. It gives us pleasure to make this statement.

On Monday the first day of July, the Methodists of this city will serve a fine barbecue dinner, at the low price of 50 cents, for the purpose of paying off the debt now hanging over their church.

Rev. Preston H. Miller, of McKenzie College, has severed his connection with that institution, and returned to Middle Tennessee.

From the Hamiltonian Republican.

Last Sunday a good looking young couple got off the train at this place. The man was like the average inhabitant of the city and the woman very handsome—her beauty attracting the attention of all. Their history was this: A few weeks ago they married at Cleveland, Ohio, against the wishes of their wealthy parents. Then they started to go out West. At Hickman, Ky., the man's funds became exhausted and they wrote home for money. The hotel keeper consented to let them remain if they would work. They consented and the lady was put at hard work in the kitchen. This was too much for the man, so they gave the hotel slip and a conductor kindly brought them to this place. Here met a man who was raised in his native country, who aided them by sending them to Nashville.

From the Trenton Mirror.

Two of our young gentlemen walked to the Gibson Hotel last Wednesday night, in search of pleasure and rest from their arduous labors—one a comely alderman, the other a learned barrister.

A note from Rev. Jos. R. Gray at New York, dated the 8th inst., informs us that he had received the degree of Bachelor of Sacred Theology, and would sail for London on board the steamship Florida, on the 12th.

Last Sunday afternoon there was a Sunday school convention held at the Baptist church, in this place, and an interesting discussion was had, participated in by Judge T. J. Freeman, Prof. J. C. Armstrong and Mr. J. M. Senter. We learned that meetings will be held frequently during the summer for the purpose of discussing the best methods of conducting Sunday Schools. They should call forth large audiences.

HUMBOLDT.

From the Humboldt Journal.

The Trenton Herald man was on our streets last Monday with a Trick Dog. He, the dog, performs well.

Mr. John Rawlins, has been elected to address the Sidiham Literary Society in the night of the 2nd of July at the Old Fellow's College.

Mr. C. W. Albright had a fine calf to fall in an old well 50 feet deep last Saturday night. It was drawn out the next morning and was found to be unhurt.

DIED.—At his residence near Kaughman's Mill, in this county, on the 12th, of a congestive fever of Pneumonia, Mr. Harrison (Pomp) Motley. He was one of the leading men in his neighborhood and his loss will be severely felt.

Mr. Sam McLeary caught out of Forked Deer river and brought to town Wednesday in this county, a turtle that was ever seen in this country. It weighed 40 pounds. It was 3 feet 10 inches from the head to the tip of the tail, and was 16 inches across. The head was 17 inches in circumference. And the tail 16 inches long. It was caught in a fish trap.

GIBSON.

June 18th, 1878.

Dark and gloomy clouds shut out sunlight from this part of the Ozarks work. Frequent rains for several days with but little sunshine, has made the earth too wet to stir to advantage, and the grass is taking advantage of the situation. The faces of some of our citizens, like the sky, is somewhat shaded with gloom.

Public examination at the Gibson school Thursday, the 20th. No exercises Friday. Grand exhibition Friday night. The exhibition promises to be interesting and entertaining. We hope to see a goodly number in attendance. Let us show the youth of the country that we feel a deep interest in their training. Encouragement has saved many good men and women from ruin. The wants of it has caused many to walk in the road that leads to misery. The fruit season is again upon us. The fruit is being shipped now. Peaches and apples and other fruits will follow. We have a Sabbath school, which we hope is accomplishing good. Preaching next Sunday at 11 o'clock, a. m., by Elder W. E. Fawcett, at 3 o'clock, p. m., by Rev. S. B. Love.

Serenaded.

Hon. W. W. Vaughan was in town on Saturday, the guest of Capt. Welch. As soon as it was known in town that he was here, evidences of a serenade were apparent. About 10 o'clock at night the crowd assembled in front of the City Hotel and the band began to discourse sweet music. The Colonel was called out and for twenty minutes held his listeners spell-bound. He made some eloquent and patriotic appeals to the young men of the country to stand by and maintain free government. His speech had a happy effect upon the crowd and its warm reception showed that our people have a warm place in their hearts for him.

Shot in the Head.

James Hart, residing two miles south of Humboldt, in Madison county, was found yesterday, about 12 o'clock, in his house, shot through the head, his brains running out and in a dying condition. He had just finished a house and was living to himself. How the sad affair occurred, or whether the result of accident, or the work of an assassin is not known. He was thought to be beyond recovery yesterday evening. He was only about twenty-one years old, and is said to be a young man above reproach in every way.

CARROLL ITEMS.

From the Huntington Visitor.

Miss Charlie McDougald, one of Milan's fair ones, is visiting her aunt, Mrs. Kate McDougald, of this place.

Hugh Caldwell, new convalescent, though for a time his life was despaired of. It is thought his skull was fractured.

Rev. Preston H. Miller, of McKenzie College, has severed his connection with that institution, and returned to Middle Tennessee.

BELLEVILLE.

Our town is very quiet now. Farmers are very busy with their crops which promise fair so far.

We are to have another picnic next Tuesday which promises to be a splendid affair.

Fishing and hunting is the order of the day. Our A. Buck, Esq., makes the former a lucrative business; he has caught several that weighed over thirty pounds.

Squire Calvin Bell has in course of construction a perpetual motion which the says will be one of wonders of the age. How soon he will set it in motion is beyond my ken.

Several brick buildings are to be commenced soon which will when finished be an ornament to Main street.

Brick business houses on Main street rent for twenty-five dollars per month. Some two or three just finished are for rent. So come ahead (Bill) and get a situation.

No marrying, but we have some of the noisiest and prettiest girls imaginable.

Mr. Henderson Teague, who has been in Memphis jail some time for frauding the postoffice at this place, is out on bail. His bond has been reduced from \$5,000 to 500. No more.

POLITICAL.

Editor Exchange:

I notice some weeks ago that Maj. W. H. H. Wood, editor of the Evansville Democrat and chairman of the Congressional Executive Committee, in writing an article about primary elections, with a good deal of authority, notified us Democrats that at the proper time he would call a convention. Now, as it has been announced by one high in authority that we shall not have the privilege of the exercise of our ballots in the selection of the candidates of our choice, I would like for you to find out for us, (we being to afraid ask), if there be any harm in the Democrats of this portion of Gibson county having a separate ballot box on the 1st day of August, and quietly, orderly and honestly saying who they would prefer to send to the 46th Congress of the United States. If it would detract from the majesty of Mas Wills and effect his high official position we will not ask it. But if it can be had without detriment to him, and injury to the party, our people would be glad to exercise that privilege.

LIFE LONG DEMOCRAT.

Gibson county, June 19th, 1878.

TEN BROCK VS. MOLLIE MCCARTHY FOR \$10,000.

This match, Mollie McCarthy, the Queen of the Pacific Slope, and Ten Brock, the King of the Western Turf, for \$10,000, four mile heats, to be run at Louisville, Ky., on Thursday, July 4th, 1878, will be the great event of the year, and will vie in interest with the mighty struggles between Eclipse and Henry; Wagner and Grey Eagle; and Peytona and Fashion, of many years ago. No one can fail to admire the pluck of Mr. Theo. Winters, of California, the owner of Mollie McCarthy in boldly throwing down the gauntlet to the renowned Ten Brock, and meeting him to do battle upon his own ground. The match will attract thousands to Louisville, many from the golden gates of California, from the North, the East, South and West, will assemble to see the Queen of the Pacific Slope, fight her battle for turf supremacy with the King of the West.

We are informed by C. P. Atmore, Esq., Gen'l Ticket Agent for the Louisville & Gt. Southern R. R., that Round Trip Tickets will be placed on sale from principal Stations on the line at one fare round trip, so that all who feel inclined will have an opportunity to witness the contest at comparatively small cost. Tickets will be sold July 1st, good to return July 5th. If not used according to contract they will be void.

Special to the Ladies.

Miss Mary Wade is prepared to re-shape, dye and press hats in the latest and most fashionable styles. Charges moderate. Give her a call. Butter, eggs, chickens, &c., taken in pay.

Old Gold and Silver taken in exchange for Jewelry, Spectacles, &c., at R. O. CRUMLEY'S.

A Remarkable Result.

It makes no difference how many Physicians, or how much medicine you have tried, it is now an established fact that German Syrup is the only remedy which has given complete satisfaction in severe cases of Lung Disease. It is true there are yet thousands of persons who are predisposed to Throat and Lung Affections, Consumption, Hemorrhages, Asthma, Severe Colds settled in the Breast, Pneumonia, Whooping Cough, &c., who have no personal knowledge of Boschee's German Syrup. To such we would say that 50,000 dozen were sold last year without one complaint. Consumptive, try just one bottle. Regular size 75 cents. Sold by all Druggists in America. For sale by W. H. Coley, Milan, Tenn.

BIRTHS.

P. H. McAlister is again the happiest man in town. It is a girl. Comment is unnecessary.

A ten-pounder also visited the residence of Mr. John Putnam and wife, yesterday, and of course the little stranger brought sunshine with him.

Also, a daughter to Mr. and Mrs. Eli Stone, who came into our midst early this morning.

Educational.

Editor Exchange:

I have just received a letter from Prof. J. R. Hodges, principal of the seminary at Mayfield, Ky., stating that he will be present at the closing exercises of the Collegiate Institute at Humboldt, July 2nd and 3rd, and about the Teachers' Institute to be held at Eaton on the 20th and 21st. Those who attended the Institute at Dry Station, the 3rd and 4th of May last, remember with pleasure the valuable services rendered by Prof. Hodges on that occasion. His select readings were an intellectual treat, and highly appreciated by all who heard him. Prof. Hodges is also president of the Western Kentucky Educational Association, and he is now engaged building up the educational interests of his section of the State. He has very kindly consented to extend his labors into West Tennessee, and the citizens of Gibson may well congratulate themselves upon their good fortune in securing his services in their midst. To visit these places will necessarily require additional labor and travel, and to compensate him for his services and lighten the burden of expense which would otherwise fall heavily upon him, I have proposed, and that he gives his consent, that he will give entertainments in select readings during his visit, at which a moderate charge for admission will be made sufficient to defray expenses. These readings will be given, at Milan, Monday, July 1st; Humboldt, Tuesday, July 2nd; and Trenton, Thursday, July 5th; at 8 p. m. at each place. Those who attend will be fully compensated by his delineation of character, real intellectual enjoyment and downright humor. An hour among the poets and humorists will certainly be an hour well spent, and every cent paid will be only that much contributed in promoting the educational interests of the country.
